When animals grow tired of being caged and abused, it's only a matter of time before they have nothing to lose but their cages...

When an uprising puts a pound in control of the animals, they make quick comrades, united against everything that walks on two legs. But with this newfound power comes a sudden challenge: How best to lay the groundwork for this new democracy as they write their first constitution.

The conditions are ripe for a dictator, primed for instating a new system of brutality and death. When two groups of animals work together, will their efforts be enough to prevent further animal authoritarianism?

Discover a timely graphic storytelling event from celebrated *New York Times* bestselling, Eisner Award–winning writer **Tom King** (*The Human Target*, *Love Everlasting*) and *New York Times* bestselling, Eisner Award–nominated artist **Peter Gross** (*American Jesus*, *The Books of Magic*), collaborating for the first time ever to bring this enduring Orwellian allegory to life for the 21st century.
